# Atess hybrid inverter factory in Kenya

How many kW can a hybrid inverter support?

Supporting up to 1200kW system capacity. All-in-one hybrid inverter has a power range from 5kW to 150kW. This integrated solar hybrid inverter integrates photovoltaic, energy storage and grid management, providing reliable backup power, achieving energy independence and having strong grid support capabilities.

What is a hybrid inverter?

A hybrid inverter is a device that combines the functions of a solar inverter (converting DC power from solar panels to AC power) and a battery inverter (managing the charging/discharging of a battery storage system). It can intelligently manage power flow between solar panels, batteries, the grid, and loads.

What is the power range of all-in-one hybrid inverter?

All-in-one hybrid inverter has a power range from 5kW to 150kW. This integrated solar hybrid inverter integrates photovoltaic, energy storage and grid management, providing reliable backup power, achieving energy independence and having strong grid support capabilities. 15-20kW three-phase all-in-one hybrid inverter for small commercial use.

What is a 2-in-1 hybrid inverter?

ATESS's 2-in-1 hybrid inverter combines solar and battery into a single unit, enabling uninterrupted energy conversion and storage.

**Production Capacity** Our company Shenzhen ATESS power Technology Co., Ltd, founded in 2017, is a Superior EV charger Manufacturer and One-stop Solar Energy Storage Solution ...

Our company is specialized in producing ATESS HPS100kW All-In-One Hybrid Inverter In Energy Storage System With Compact Design, We have a complete industrial chain with customers all ...

Discover the ATESS HPS100, a high-capacity all-in-one hybrid inverter designed for commercial energy management. With features like scalable design, programmable modes, and seamless ...

All-in-one off-grid hybrid inverter, HPS30/50/100/120/150, is equipped with a 30-150 kW hybrid system and is applicable to small and medium commercial and industrial setups.

30-50kW three-phase all-in-one hybrid inverter of ATESS is tailored for small commercial applications. Its 4-in-1 design (inverter + charge controller + energy management + STS) ...
