
Bulgarian company engaged in solar container lithium battery energy storage

What is the largest battery energy storage system in Bulgaria?

The system is the largest in Bulgaria. Image: Renalfa IPP. A 25MW/55MWh battery energy storage system (BESS) has been commissioned in Bulgaria, Eastern Europe, by operator Renalfa IPP, using technology provided by Chinese firms Hithium and Kehua.

What is the biggest solar project in Bulgaria?

The Renalfa IPP project in Razlog has been claimed as the biggest project of its type in Bulgaria. It is also larger than the biggest project to come online so far in neighbouring Romania, a 6MW/24MWh BESS in that country's Constanta County, co-located with solar PV and wind generation plants.

What is the largest energy storage facility in Eastern Europe?

The project, the largest in Eastern Europe, has been realised by Solarpro, a company specialising in energy generation and storage solutions across Europe. The facility became operational in early June 2024, following the installation of Hithium's 16 energy storage containers, each with a 3.44MWh capacity.

What is a battery energy storage system (BESS)?

A 25MW/55MWh battery energy storage system (BESS) has been commissioned in Bulgaria, Eastern Europe, by operator Renalfa IPP, using technology provided by Chinese firms Hithium and Kehua. The project is co-located with a 33MWp PV plant in southwestern Bulgarian city of Razlog and is connected to the transmission system operator (TSO) grid.

Sigenergy brought together 300 energy professionals in Burgas, Bulgaria, to explore the future of commercial and industrial energy storage. A key highlight was the visit to the 20 ...

This solar plus storage project, located in Razlog, Southwestern Bulgaria, was realised by in partnership with the stationary battery manufacturer Hithium. The new facility ...

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery system in Bulgaria, integrated with solar photovoltaic power generation, ...

A 25MW/55MWh battery energy storage system (BESS) has been commissioned in Bulgaria, Eastern Europe, by operator Renalfa IPP, using technology provided by Chinese ...

Solarpro, a leading technological provider of solutions for the generation and storage of energy in Europe, has successfully deployed the largest battery energy storage ...

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a precedent for large-scale industrial and ...

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems,

is about to launch operations at its new facility near Sofia. Its latest model ...

Commissioned, delivered, and installed in just 12 days by a five person crew, Sigenergy's innovative SigenStack system at Malko Tarnovo, Bulgaria, highlights how next ...
