Why should you buy a foldable solar panel?

The portable solar panels are protected with a thick, heavy-duty fabric to keep them safe from the elements when they're folded up. This fabric comes with a handle, too, for easier carrying. This foldable solar panel includes a free charge controller, complete with USB ports for cell phones and other mobile devices I'd like to charge as I travel.

Can a foldable solar panel be used in a cloudy area?

However, you may have a difficult time using this foldable solar panel if you're in a cloudy area. As soon as the solar panel is in a shaded place or there's a couple of clouds blocking the direct sun, your power can drop dramatically.
