# Madrid Industrial Energy Storage

What is energy storage in Spain?

It targets large-scale energy storage projects in Spain. It focuses on technologies like standalone battery energy storage systems (BESS), pumped hydro energy storage (PHES), and thermal energy storage. The program supports hybrid projects, which combine storage with renewable energy, such as solar or wind farms.

How will Spain increase its energy storage capacity?

Spain has launched an ambitious EUR700 million (around \$796 million) program to increase its energy storage capacity. This plan will add 2.5 to 3.5 gigawatts (GW) of storage. It includes pumped hydro, thermal energy storage, and battery systems.

Will Madrid become a central base for energy storage systems?

"Our strategy is very clear: to turn Madrid into our central base for energy storage systems. From there, we'll provide agile and specialized support to clients across Europe and Latin America," Gattoni explained.

Why should Spain invest in energy storage?

Investing in energy storage helps Spain meet its climate goals. This includes achieving carbon neutrality by 2050. Storing renewable energy instead of wasting it helps the country rely less on fossil fuels. This also cuts down greenhouse gas emissions. Pumped hydro, thermal storage, and battery systems are effective technologies.

Energy storage has become a key piece of the electrical future in Spain, amidst the advance of renewable energies and the progressive withdrawal of nuclear generation. ...

Le Real Madrid connaît désormais le calendrier de la Liga 2025/26. Notre équipe affrontera Osasuna au Bernabéu lors de la première journée le mardi 19 août, à 21h.

Del 23 al 31 de diciembre de 2025, Mavidad Bernabéu llega a Madrid para convertirse en un nuevo referente de la ciudad en las fiestas navideñas. El Bernabéu se ...

24 June 2025, MADRID -- Global energy storage owner-operator BW ESS and Getxo-based energy storage developer Ibersun have signed a joint venture to develop, in its first phase, ...

Spain's Ministry for the Ecological Transition and the Demographic Challenge (MITECO) has announced a major funding initiative worth EUR700 million to boost large-scale ...

????? ?? ?? ?????? ?????? ?????? ?????? ??????. ????? ??? ???????? ??????????? ??????????? ?????????? ...

At Intersolar Europe 2025, Risen Energy made clear its intention to consolidate its position as a global provider of integrated energy solutions, placing particular emphasis on its expanding
