# New Zealand solar container lithium battery manufacturer

Where to buy a lithium battery in New Zealand?

Cell-Supply NZ started in 2022 and is based in Tauranga. It's one of New Zealand's top lithium battery shops. With the goal of "bringing cells to those who need them," they offer lithium-ion cells like 18350, 18650, and 21700. These cells have high energy density, low self-discharge, and a wide operating temperature range.

What kind of batteries are used in New Zealand?

Century lead-acid batteries are specially designed for New Zealand conditions. They come in two types: flooded and AGM, making them suitable for 4WDs, RVs, golf carts, wheelchairs, mobility scooters, and marine systems. Century lithium deep cycle batteries use LiFePO<sub>4</sub> (lithium iron phosphate) technology.

What makes NZ a good battery company?

**NZ-Built Quality:** Expertly designed and assembled locally for superior reliability and performance. **Advanced Technology:** Utilizing the latest in lithium cell and BMS technology. **Affordable Energy:** Delivering high energy density solutions at competitive prices. **Custom Solutions:** Tailored battery systems to meet your specific needs.
