What are the best outdoor lights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. We love these lights so much, we've tested them twice. Both times we found them to be durable, easy to use, and bright. We also love that these spotlights can detect motion from as much as 33 feet away, depending on the setting.

How do I choose the Best Lighting for my yard?

Before choosing just any one for your yard, start by asking yourself how much brightness you need and if the light needs to be direct or spread out. Solar pathway lights guide you when walking at night, while mounted spotlights may have security monitors or be intended to highlight landscape features.
