
Philippines Cebu Energy Storage Project Manufacturing Project

Is Aboitiz Power Building a hybrid battery energy storage system in Cebu?

MANILA, Philippines -- Aboitiz Power Corp. is building a 30-megawatt hybrid battery energy storage system (BESS) project within the Mactan Economic Zone in Cebu. Slated for commissioning in the first half of 2026, the project is poised to become one of the first large-scale energy storage systems in Central Visayas.

Will BESS be the first large-scale energy storage system in Central Visayas?

Slated for commissioning in the first half of 2026, the project is poised to become one of the first large-scale energy storage systems in Central Visayas. MANILA, Philippines -- Aboitiz Power Corp. is building a 30-megawatt hybrid battery energy storage system (BESS) project within the Mactan Economic Zone in Cebu.

What's new at MGen Cebu?

The Cebu facility is the second for MGEN after the planned 4,500 megawatt-hour energy storage project in Nueva Ecija, which broke ground in November 2024. President Ferdinand R. Marcos Jr. was present during the groundbreaking of the Terra Solar Project, the largest integrated solar and battery storage facility in the world to date. (PNA)

What is a hybrid energy storage system in Central Visayas?

Considered one of the first large-scale energy storage systems in Central Visayas, the hybrid BESS will provide ancillary services by storing surplus electricity and releasing it to the grid when needed to help stabilize power supply.

Pasig City, Philippines -- 21 July 2025 - Meralco PowerGen Corporation (MGEN) is set to develop a 49-megawatt (MW) Battery Energy Storage System (BESS) in Toledo, ...

Aboitiz Power Corp., through subsidiary East Asia Utilities Corp. (EAUC), has begun construction of a 30-megawatt hybrid Battery Energy Storage System (BESS) inside ...

Aboitiz Power Corporation is set to develop a 30-megawatt hybrid battery energy storage system (BESS) within the Mactan Economic Zone, located in Cebu, Philstar Global ...

The Cebu facility is the second for MGEN after the planned 4,500 megawatt-hour energy storage project in Nueva Ecija, which broke ground in November 2024. President ...

Of the 17 projects, 15 are renewable energy facilities, while two are BESS projects, one of which is hybridised with solar. Key projects include CI San Jose Corporation's 1,246 ...

Aboitiz Power Corp. will build a 30-megawatt (MW) hybrid battery energy storage system (BESS) project in the Mactan Economic Zone in Cebu, as part of efforts to enhance ...
