## Power breaker switch factory in Auckland

Who is Western switchgear?

We provide a full-service solution for the design, manufacturing and installation of electrical control systems and electrical switchboards throughout New Zealand. Formed in 1985, Western Switchgear answered a need for high quality, custom built, low voltage switchboards, motor control centres, and control & distribution panels.

Who makes panel mounted main switches?

For panel mounted main switches in domestic, commercial or industrial applications, PDL by Schneider Electric's S-Series is a recognised industry leader. Operating from 35 to 300 ampere, the S-Series of enclosed main switches will reliably meet your application needs.

Where are ABB switchgears made?

ABB's medium voltage switchgear design and production facility has been based in Henderson, Auckland since 1985. ABB supplies locally and globally, including Australia, Jordan and the Netherlands.

What is a circuit breaker?

Explore circuit breakers, the foundation of safe power distributions and the main protection from electrically-caused fires. Protect each line carrying energy or supplying appliances by choosing the correct sized circuit breaker, that will automatically disconnect in the event of a short circuit, or a cable overload.
