# Single-phase mobile energy storage container for wastewater treatment plants

What is containerized mobile wastewater treatment plant?

Containerized mobile wastewater treatment plant is the name given to the systems that work with the plug and play principle by mounting all the equipment in the factory in standard iso containers or specially produced containers.

What are mobile wastewater treatment and containerized sewage systems?

Mobile wastewater treatment and containerized sewage systems can be used in a very wide range of applications. They can be used for short term, mobile wastewater treatment where portable solutions are needed. But they can also be used for long term, fixed applications. They are specifically suited to applications such as:

What is a containerised portable sewage treatment plant?

A containerised portable sewage treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary. In addition to that, the systems are modular so that they can work together in a variety of combinations effectively dealing with variable wastewater volumes to achieve any effluent quality.

How much energy does a containerized wastewater treatment plant use?

No planning or buildings are required to operate a containerized wastewater treatment plant - the plant simply needs to be placed on a solid base. This saves costs in advance, and the system is also highly efficient during operation: a 20-foot container only needs 13 kWh/d. Container.One, Container.One+, Container.Pro and Container.Xtra.

Take the difficulty out of large-scale reverse osmosis plants with containerized water treatment systems. By choosing pre-designed, module-sized plants, fully assembled in standard 20-ft ...

Amid the global energy crisis and the pursuit of carbon neutrality, wastewater treatment plants (WWTPs), which are high-energy and high-carbon facilities, urgently require ...

Sometimes a mobile, rapidly available or particularly space-saving solution for wastewater treatment is sought. This is one of our specialties: fast and flexible we can offer on stock a ...

Containerized Wastewater Treatment Systems Traditional wastewater treatment plants require ample space and extensive outdoor facilities. These requirements make them ...

Orenco's AdvanTex technology has provided a reliable, energy-efficient alternative for wastewater treatment in some of the world's most remote places. The AdvanTex AX-Mobile is Orenco's ...

Modular extension These mobile wastewater treatment plants feature a modular extension and set-up concept. This allows for maximum flexibility when it comes to designing ...

---

Our intelligent containerised waste water treatment plants offer a fast and effective above ground portable waste water treatment system solution for any sites, without the need ...
