
Solar panel 72v home complete set

What is a 72-cell solar panel?

72-cell solar panels are popular for commercial and ground-mounted installations and tend to cost less per watt and reduce installation time by requiring fewer modules than 60-cell modules. They appear similar to 60-cell solar panels but feature an extra 2 rows of solar cells added to the length of the module.

What is a 72 cell PV module?

72 cell PV modules are used primarily for large commercial, ground mounted, and carport solar panel systems. For wholesale price and availability, call (877) 297-0014.
