
Solar powered micro circulation water pump

TOPSFLO is mainly engaged in the R& D and manufacturing of micro DC brushless water pumps, DC diaphragm pumps and gear pump, mainly applied in water heater, small ...

Features: It is operation greatly, high efficiency, good performance, long working life. Small volume, low noise, safety and environmental protection, ease of installation and so on. ...

A modern solar water pump is more than just a pump powered by solar panels. It represents an integrated system that combines high-efficiency motors, intelligent controllers, ...

Solar Commercial / High Flow Pump Station The commercial solar pump stations is used on the circulation loop of a solar thermal system for commercial, industrial and other applications ...

Topsflo is the largest manufacturer of Solar DC Circulation Pump in China, solar thermal circulating pump is widely used and very simple operation long lifetime high pressure ...

Product descriptions from the supplier China hot sale ultra quiet safe 0.3W 30cm 110LPH 4V 5V DC Automatic Electric centrifugal brushless submersible water pump for Small (garden) ...
